Warranty terms

Ópticas B&S S.A.S. · Terms applicable to the products and services on this invoice.

1 New frames and ophthalmic lenses
12 months from delivery against manufacturing defects and premature failure of the contracted treatments, under proper conditions of use and maintenance.

2 Centering and mounting
12 months against defects attributable to the service. Errors in fabrication, optical power or centering attributable to the establishment are corrected at no cost.

3 Adaptation follow-up
Optometric check at no cost during the first 30 days for adaptation difficulties, including review of the optical correction, centering and frame adjustment.

4 Reused lenses
Coverage applies to the new frame and the remounting service; it does not renew the manufacturer's warranty on the existing lenses. Damage caused by a defective service will be remedied.

5 Contact lenses
Coverage for manufacturing defects and for discrepancies between the product delivered and the contracted prescription or specifications. The warranty does not extend the period of use or replacement indicated by the manufacturer.

6 Claims
Handled through Brenda de Armas Mercado, phone 3115224588, with a free evaluation and written acknowledgment of receipt and resolution. Repair, correction, replacement or refund, as applicable.

7 Exclusions
Loss and damage caused by impact, abrasives, excessive heat, chemical agents or improper handling, when shown to have caused the failure.

8 Contact lens packaging
Opening the contact lens packaging does not exclude claims for manufacturing defects.

9 Proof of purchase
The warranty is not conditioned solely on presenting the invoice when the purchase can be proven by other means.

10 Consumer rights
These terms do not limit the rights recognized by Colombian Law 1480 of 2011.
